- 24 billion years ago: The universe is ignited by a big bang.
- 15 billion years ago: The reptoid species is created.
- 11 billion years ago: The Grey species is created.
- 4 billion years ago: The human species is created.
- Over 17 million years ago: The Wingmakers create the first human-like creatures on Earth.
- 16.8 million years ago: Modern humans were created from the best features of the human-like creatures on Earth by the Wingmakers.
- 2.48 million years ago: The original Anunnaki arrive on Earth and colonise the continent of Lemuria, they are henceforth called the Lemurians.
- 1.47 million years ago:
  - The continent of Lemuria sinks into the ocean.
  - The city-state of Atlantis is founded on the Giza Plateau by some surviving Lemurians, who from now on are called the New Lemurians. The city-state of Atlantis is the first city-state founded by the New Lemurians. Many city-states follow and together they establish the Atlantian culture.
  - The remaining Lemurians migrate to the star system Alpha-Centauri and are henceforth called the Lemurians of the Alpha-Centauri System.
- 53,760 years ago:
  - The New Lemurians discover the special phase transition in the Earth's mantle at a depth of 72 km, which gave rise to many cave systems. Since that time, the New Lemurians have been spreading with modern humans on this plane and they have created huge cave systems in which more people live than on the surface.
- 37,000 years ago:
  - The last remaining city-state of Atlantis on the Giza Plateau was destroyed.
  - The Atlantians, belonging to the New Lemurian race, migrate to the underground cities of the New Lemurians.
  - The Atlantians, who are modern humans, migrate to the Mediterranean metropolises.
  - 800 Atlantians, who are modern humans, found the city-state of New Atlantis on a chain of islands west of Cyprus and are henceforth called the New Atlantians.

- 31,000 years ago: The last pyramids for the changed earth-energetic field were built. The New Lemurians from the underground cities have been building pyramids all over the Earth with the modern humans of the surface for millennia, creating a global energetic bubble that with its attitudes ensures that the humans of the surface are guided and more peaceful than without this energetic bubble. Everything that still happens will only strengthen this energetic bubble and when the official first contact starts, this energetic bubble will undergo a change that will then ensure that earthly humanity can be pacified. Once the official first contact has taken place, this energetic bubble will be weakened to such an extent that the frequencies of the energetic bubble will also remain. Only when the crystals under the pyramids are removed, only then would the energetic bubble collapse and you would no longer experience the so-called matrix.
- 26,000 years ago: A human tribe in Central Europe is sponsored by an extraterrestrial human race, so that a human group emerges from it that subscribes to the Vedic culture of life.
- 22,000 years ago: The artificially created Anunnaki arrive on Earth.
- 20,550 years ago: The Anunnaki create the pre-Egyptian culture.
- 12,000 years ago:
  - Expulsion of the Anunnaki from the surface of the Earth by the Mediterranean resistance fighters.
  - Enki of the Anunnaki initiates the Little Flood reported in the Bible.
  - The Anunnaki are banished from the earth and are not allowed to return for the time being.
  - The Anunnaki Seth must remain on Earth with his entourage and must ensure that the societies of Earthly humans experience a recovery to atone for the misdeeds of the Anunnaki.
- 6,300 years ago: The island of New Atlantis sinks into the Mediterranean Sea.
- 4,700 years ago: Seth is allowed to leave Earth with his entourage. Seth has repeatedly appeared on Earth to visit the promoted societies of man. From a certain point on, he was finally forbidden to do so.
